**The attached Terms of Participation are recognized as legally binding in all parts.**

---

**Date/Month/Year**

**Company stamp of the main exhibitor and legally binding signature**
Terms of Participation

1. Admission
All domestic and foreign suppliers in the Distribution, Materials Handling and Information Flow market may exhibit. The organizer decides on the admission of an exhibitor at his own discretion. Exhibitors may only submit or assign their stands in full to third parties subsequent receipt of a written instruction from the organizer. The exhibitor has no right of termination should the organizer refuse authorization to sublet. Desired locations will be arranged if possible, but no firm commitments will be given and a deviating position no reason for a cancellation.

2. Terms of payment
The confirmation of your order, which you will receive from Expolink Global Network Limited, is important for the occupation of your stand. The stand rental must be paid 50% by 1 month after signing and paid 100% by 90 days after the first installment payment. If the sum is not paid by then, Expolink Global Network Limited reserves the right to assign the space rented to another party. In that case, a handling fee of 30% of the stand rental will be charged. In case of withdrawal by 17 August 2023, 20% of the stand rental fee may be paid.
In case of withdrawal after 17 August 2023 the entire stand rental fee must be paid. (This is also valid for applications after the official deadline). Technical services will be provided and invoiced directly between the exhibitor and the company that runs the exhibition center. The technical guidelines are part of the contract. Should the exhibitor be in arrears with the payment of the stand rental, ancillary costs and value-added tax, the statutory provisions shall apply. Higher damages caused by default are admissible upon proof of the particulars, and likewise the exhibitor may furnish proof of lesser damage.

3. Cancelling the contract
The organizer is entitled to curtail the trade fair, temporarily close all or part of the trade fair, or cancel the trade fair for any important reason (e.g. labour dispute, force majeure, insufficient number of exhibitors, withdrawal or by notice to quit from the company that runs the exhibition center). In this case the exhibitor cannot claim for damages from the organizer. In the event of postponement the exhibitor may object in writing within a period of 2 weeks after notification of the alteration. The organizer is entitled to rescind the rental agreement or to terminate the rental agreement without notice if the exhibitor ceases payment or if the exhibitor applies for insolvency proceedings or bankruptcy proceedings or if the company of the exhibitor goes into liquidation. This also applies in the event that the exhibitor has outstanding debts to the organizer or the trade fair company deriving from participation in exhibition and the past and if the exhibitor fails to meet obligations arising from the rental contract or the terms and conditions of participation. In such cases the provisions concerning premature withdrawal by the exhibitor within the specified deadlines will apply. The exhibitor has no right to claim damages.

The exhibitor may only offset counterclaims against stand rental, additional costs or other claims and charges arising out of the rental agreement to the extent that said counterclaims are uncontested or have legal effect. In the event of failure to pay on the part of the exhibitor the organizer is entitled to retain exhibition objects and stand equipment and to auction by public auction said objects and equipment on the site of the exhibition or to sell said objects and equipment elsewhere. Where payment is not made within the prescribed period, the legal stipulations concerning the enforcement of a lien are hereby suspended.

4. Stand construction
The maximum stand height is 5 m. Taller stands of up to a maximum of 7 m will need to be approved by a civil engineer and submit the Safety Certified Letter. The spaces on the sides of the stand that project above adjacent stands may not be used for advertising purposes. Open stand sides may be closed with walls to a maximum of 1/3. Stands with more than 30 square metres of enclosed space have to be fitted with a sprinkler system. During the exhibition no setting up, rearrangement or dismantling of stands may take place. The guidelines for stand construction of the organizer shall apply. Stands, walls, stickers or anything else must be attached to staircases, corridors or walls. Any posters or stickers that are put up in these places will be removed at the exhibitor’s expense. The distribution or display of brochures and advertising material outside the rented stand, i.e. in corridors, entrance areas etc. is only permitted after written authorization from the organizer and at the exhibitor’s expense. Stickers and similar decoration materials which are put up in the stand must be fastened in such a manner that they can be removed easily, without damaging the panels.
The use of loudspeakers is not permitted.
Presentations at stands must be arranged so that there is no visual or acoustic disturbance to neighboring stands and no congestion in the stand areas or corridor areas. Walls adjoining visitor aisles should be given variety by the inclusion of showcases, niches, passages, etc.
The preparation of hot food at the stands is not permitted, because of the nuisanceto others from smells.
For safety reasons no objects whatsoever may be placed in the corridor areas. Closing off corridors for reception parties and the like is not permitted. Signs, flags etc must not be hung over the corridors, nor may any of carpeting be laid on the corridors. The stand may be guarded exclusively by companies which have been authorized by the company that runs the exhibition center.

The stands must be designed without corners that are difficult to monitor. Side rooms must not be closed off by doors. Firing bolts et al., hammering nails, tacks or hooks, or fastening screws into walls, doors, columns, ceiling joints, pillars or into the floors not permitted.

Flags, signs, etc. may only be hung from the ceilings with prior written permission from the trade fair association. Please specify the dimensions and weights of the exhibition items and enclose the hall plan with the location of your stand marked. All extensions of stands must have fireproof improngeinent, or must be made otherwise flame retardant. This applies to flags as well. During the official inspection, the Fire Department can require certifying and take samples. Fire alarms, fire extinguishers, hydrants, and signboards to these items, must remain visible at all times. Terminal boxes for electricity, and telephone, gas, water supply and drains, and compressed air outlets, as well as vents, must be freely accessible at all times; if necessary, they may be used by neighboring exhibitors.

5. Dates for setting up and dismantling
Please find dates for setting up and dismantling in the Exhibitor Manual.

6. Storage of packing materials
Special rooms are provided to the trade fair freight forwarders for storing crates, packing material, and other items. Storing such items in the exhibition halls or the safety zones is prohibited by order of the Fire Department.

7. Safety regulations
All exits and corridors which are laid out in the hall must be kept free over their entire width. The exits must not be draped or be made unrecognizable. Information stands or tables must not be placed next to entrances, exits, or stairwells.
The lights, loudspeakers, or other technical installations may only be operated by the organizer.
Electricity and other energy and water supply may only be consumed with the prior permission of the company that runs the exhibition center. Power connections are billed separately, and the wattage will be monitored. Hazardous or explosive substances may not be brought into the exhibition center. All radio communications at the exhibition site must be proven to be compatible, i.e. not interfere with flight traffic. Authorization is required for any operation of WLAN and other equipment in the halls. Use of laser equipment is not allowed on the open air site.

8. Liability
The tenant of the stand concerned will be held fully liable for damage to the stand material, fittings, floors, walls, ceilings, etc. If special cleaning work is necessary at the stands after the end of Logimat Southeast Asia, the costs will be charged to the respective tenant. Expolink Global Network Limited as the organizer exercises domiciliary rights. During the event, the trade fair association and representatives of Expolink Global Network Limited will supervise the rented space. Approval must be obtained for all special wishes which exceed the standard rules. The instructions of the supervisory personnel must be respected. The stands must be staffed throughout the opening hours of Logimat Southeast Asia. Any party leaving or taking down its stand prematurely will be automatically excluded from the next Logimat Southeast Asia. All exhibitors promise not to conduct any parallel event inside or outside the exhibition center during the opening hours of Logimat Southeast Asia.
Supplements to standard exhibition stands, such as the attachment of name panels, or the installation of lighting fixtures, may only be carried out by the firms authorized by the organizer.

In respect of the claims of the organizer arising out of the rental agreement, the organziser has a landlord’s lien on the property and objects of the tenant. The exhibitor is liable in accordance with the statutory provisions for all damage caused by him or his employees. He will indemnify the organizer of the event and the company that operates the exhibition center from all third party claims, of whatever nature.

9. Exclusion of liability
The organizer shall be liable to pay damages to the exhibitor, the event participants and other affected third parties, on any legal grounds, only in the case of wrongful and gross negligence and in the event that it infringes key contractual obligations, also known as its cardinal obligations. The organizer is not liable for disturbance to the used the rental space that is caused by third parties. In this case the organizer shall be liable only in the case of typical damage and not consequential loss, and then only to a limit of five times the sum of the net rental price.
Expolink Global Limited will attempt to ensure a smooth course of Logimat Southeast Asia but assumes no liability for exhibition items, display material, decoration material and similar, nor for disadvantages and damages suffered by exhibitors as the result of incorrect catalogue entries and additional services. This does not affect liability on the basis of willful or grossly negligent misconduct on the part of Expolink Global Network Limited or its employees. Any liability for ensuring unhindered setting up and taking down of stands excluded.

10. Limitation, written form, place of performance, jurisdiction, final provisions
The statutes of limitations for the rights of the organizer will be 3 months beginning on the date on which the trade fair terminates.
If several exhibitors jointly hire a stand, each of them shall be liable as codelectors. Any other arrangements, alterations, modifications or agreements must be made writing and signed by both parties. The Applicable law and jurisdiction will be Thai law and Thailand.
