展会概述

Overview

LogiMAT是全球领先的、专注展示内部物流解决方案及流程管理的展览会。每年的LogiMAT China都为行业带来各大企业内部物流流程合理化和成本优化方面的创新技术、产品、系统和解决方案，现场展示最前沿的研究成果。

LogiMAT China 2024 以“共塑变革”为主题，聚焦物料搬运，仓储自动化，智能工厂，解决方案等领域，除展览展示外，还举办了多场专业论坛、商务洽谈、社交晚宴、工厂参观等形式各异、丰富多彩的交流活动，旨在为来宾搭建一个立足技术、注重创新的专业技术交流平台。

LogiMAT is recognized as the world's leading trade show dedicated to showcasing solutions and processes in intralogistics. LogiMAT China annually brings to the industry innovative technologies, products, systems, and solutions for rationalizing and optimizing the internal logistics processes and costs of major enterprises, showcasing cutting-edge research findings.

With "Shaping Change Together" as its theme for 2024, LogiMAT China focuses on areas such as material handling, warehousing automation, smart factories, and solutions. In addition to exhibitions, the show features a variety of professional forums, business negotiations, social dinners, factory tours, and other diverse and colorful interactive activities. The aim is to build a professional technical exchange platform that is rooted in technology and emphasizes innovation for its guests.

在深圳的 LogiMAT China 展会上体验了物流机器人，给我留下了深刻的印象。中国的物流自动化技术非常先进，在数字化需求日益增长的日本，引入这些技术有望提高物流行业的效率。我相信通过与中国发达的机器人企业的合作，可以推动日本物流行业向更高层次的变革。

I experienced logistics robots at LogiMAT China in Shenzhen and was very impressed. China's logistics automation technology is very advanced, and the introduction of these technologies is expected to improve the efficiency of the logistics industry in Japan, where the demand for digitalization is increasing. I believe that through cooperation with China's developed robot enterprises, we can promote the reform of Japan's logistics industry to a higher level.
